### **About Katy Perry**

Since Katy Perry’s Capitol Records debut in 2008 with One of the Boys, she has racked up a cumulative 115 billion streams alongside worldwide sales of over 70 million adjusted albums and 143 million tracks. The biggest-selling female artist in Capitol history, Katy is one of only twelve artists in history to have surpassed 100 million certified units with their solo single releases – and the first-ever

Capitol Records recording artist to achieve the elite status of having 10 million RIAA-certified units for a single in 2015. She was also the first artist in RIAA history to earn three RIAA Diamond singles - for "Firework," "Dark Horse" and "Roar." Since then, she's added a few more to her collection with "California Gurls" (feat. Snoop Dogg), "E.T", and both "Teenage Dream" the SINGLE AND ALBUM going DIAMOND. Katy now has six singles and one album for a total of SEVEN Diamond-certified titles.
