Love Island USA is coming to the UK

ITV2 today announces that Love Island USA will be broadcast on the channel from 7th September at 9pm

Starting next month, viewers will be able to follow season two of the U.S. version of the international reality sensation, as a new cast of Islanders get ready to arrive on the 'Island' of love - set this year in Las Vegas. This season, the singletons will be sequestered in a "bubble" at a stunning villa on top of Caesars Entertainment's boutique hotel, The Cromwell.

Host Arielle Vandenberg and narrator Matthew Hoffman will return to preside over the antics as these singles embark on a summer of potential romance in one of the most famous cities in the world.

Playing the definitive game of love, the US Islanders will get to know each other in the hope of finding 'the one'. But as new bombshells arrive on the 'Island', which couples will stand the test of time and make it all the way to the final, and have a chance of bagging the \$50,000 cash prize?

Paul Mortimer, ITV's Head of Digital Channels and Acquisitions said:

"We're thrilled that ITV2 can bring the latest US version of Love Island to viewers this year. Las Vegas may seem like an odd destination for the show but the canny producers have beaten Covid with a show that adheres to all production protocols and that could well be sensational. Certainly the 'villa' is impressive and the cast diverse and amazing. We believe Love Island fans will embrace this Sin City twist, my bet is the series will be another big hit."

Love Island USA is produced by ITV America's ITV Entertainment, with David George, Adam Sher, David Eilenberg, Simon Thomas, Ben Thursby-Palmer, Jessica Castro, Richard Foster and Chet Fenster executive producing. The series is based on a format owned by ITV Studios and Motion Content Group.

ITV Studios handles global distribution for Love Island and brokered the deal for ITV2 to air the series. Deals have also been secured so far with Bell Media in Canada, which will simulcast the series, as well as with Nine Network in Australia, Sky in New Zealand, Virgin Media Ireland, RTL in the Netherlands, TV2 in Norway and TV4 in Sweden.
