ITV acquires **The Sex Lives of College Girls** from WarnerMedia International Television Distribution

Exclusive premieres and fan favourites will be made available across linear and digital platforms from April

ITV has signed an agreement with WarnerMedia International Television Distribution which will make the UK content network the exclusive free-to-air home of programmes including the hotly anticipated **The Sex Lives of College Girls**, a comedy series created by Mindy Kaling and Justin Noble.

The first series of **The Sex Live of College Girls** will have its UK premiere exclusively on ITV Hub and ITV2 in April, with the second series to follow in due

course on ITVX.

The deal will also see series of **Hart of Dixie**, **The OC**, **One Tree Hill** and the first three seasons of **Veronica Mars** available on ITV and ITV Hub next month, with all four seasons of **All American**, the American sports drama television series, being made available in May.

Terminator: The Sarah Connor Chronicles, **The Lying Game**, Carrie Bradshaw origin story **The Carrie Diaries**, **Hellcats**, **Nikita**, **Chuck**, **Everwood** and series of fan favourites **Supernatural** and **The 100** are also included in the deal and will be made available via ITVX later this year.

ITV's Head of Content Acquisitions, Sasha Breslau said:

"We are delighted to announce our partnership with Warner Bros which will allow our audiences to enjoy a diverse collection of programming, including the eagerly awaited The Sex Lives of College Girls."

The deal was negotiated by ITV Head of Content Acquisitions Sasha Breslau and Controller of Acquisitions, Rights and Regulatory, Jonathan Vandermeer.

Editor's Notes

The Sex Lives of College Girls Series 1 (2021)

Pauline Chalamet (The King of Staten Island), Amrit Kaur (The D Cut, Star Trek: Short Treks, Anarkali), Renee Rapp (Mean Girls on Broadway), and Alyah Chanelle Scott (The Book of Mormon) star as four roommates randomly assigned to a dorm at Essex College, a prestigious New England university. A bundle of contradictions and hormones, these college girls are equal parts lovable and infuriating.
