Love Island reveals cast of series 8

Name: Amber Beckford

Age: 24

From: London

Occupation: Nanny

Why Love Island and why now?

I think it just feels like the right time. This year it definitely feels like it's two feet in. I feel like now I'm most definitely ready, and wanting to look for a boyfriend.

What do you think you're going to bring to the Villa?

Hopefully fun! Have some chit chat with the girls. I can definitely be opinionated so I'm not sure how that's going to go down. As I work with kids I have patience with kids but adults, they annoy me!

What would you say gives you the ick?

I don't like guys that show off. I don't like flashy, showy-offy guys - just have a personality and make me laugh. There was this one guy and he was trying to purposefully show off his car keys and we were literally in the middle of a restaurant!
