Love Island: Ekin-Su Cülcüloğlu

Age: 27

From: Essex

Occupation: Actress

Why Love Island and why now?

I'm looking for that real genuine spark and they just see me as me. I think the concept of the show brings back true and raw feelings.

Why would you say you're single?

Partially because I'm quite picky and I'm not just looking for looks, I'm looking for brains! I'm looking for someone with intelligence, someone who can have good

chats. Nothing like cockiness! I'm looking for a serious man and a serious relationship.
