Camilla's Country Life

TX: Wednesday 13 July 2022, 9pm on ITV

With access to The Duchess of Cornwall in her role as Guest Editor of Country Life magazine to mark her 75th birthday, this one-off documentary gives a unique insight into our future Queen Consort, as she immerses herself in her personal passions and engages with some of those closest to her.

We join The Duchess as she visits Hall Place, previously the Hampshire home of her grandparents, with her sister Annabel. Together they reminisce about their time there as children and Annabel reveals that her beloved teddy bear was once buried in the garden by Camilla, who

only owned up to it decades later.
